

Institute of Nonionizing Radiation (INIS) Ljubljana, SLOVENIA

**doc. dr. Peter Gajšek – MCM member
dr. Blaž Valič – MC Substitute**

peter.gajsek@inis.si

INIS

**SLOVENSKA
AKREDITACIJA**
SIST EN/ISO/IEC 17025
LP-059

- ❖ Is independent research and consulting institution that is registered for the research and development in the field of non-ionizing radiation (NIS).
- ❖ is holder of internationally recognized **accreditation** according to **EN ISO/IEC 17025** for the EMF and optical measurements in the wide frequency spectrum ($0-3 \cdot 10^{14}$ Hz) according to national and international standards.
- ❖ INIS is specialized in **numerical modeling** of human exposure to electromagnetic fields in various setups and frequency ranges including design and simulation of high frequency exposure setups for experiments with nano-second pulsed electric fields.
- ❖ can provide independent, impartial advice and consultancy on all aspects of the interaction of **nonionizing radiation (EMF + optical radiation)** with people, including possible health effects and the application of exposure guidelines.
