

**COST EMF - MED (Action BM1309):  
European network for innovative uses of EMFs in biomedical applications**

Call for Grant Applications:

8<sup>th</sup> International Summer School on “Advanced Topics on Cell Model Systems,”  
Rome, 20-24 June 2016

On June 20-24, 2016 the 8th International Summer School on “Advanced Topics on Cell Model Systems,” co-organized by Tor Vergata Research Establishment National Research Council of Italy and COST EMF MED will take place in Rome, Italy.

Program of the Course can be seen at COST EMF-MED website (<http://cost-emf-med.eu/training-schools/>), and more detailed information will be posted as it becomes available.

COST EMF-MED is glad to offer max. 6 grants of 600€ each. According to COST Vademecum, 5.3 ([COST Vademecum](#)), the Trainee Grant is a contribution to the overall travel, accommodation and meal expenses of the Grantee. These will be paid as fixed grants after the Training School (grantees sign the attendance list - no other receipts are needed for justification of expenses).

The school registration fee is set to 150 €, which includes all academic sessions course material, daily coffee-break and lunch, social program and certificate of completion. The fee is paid directly to local organizers of school. All questions related to the fee, registration and on-site logistics should be directed to school secretariat ([cms3.cnr@gmail.com](mailto:cms3.cnr@gmail.com)).

The program is planned to start on **Monday, June 20th at 9h**, and finish on Friday, **June 24th at 17h**.

Those interested are kindly requested to send by **Tuesday, May 17<sup>th</sup> at 24:00h CET**:

- 1) Motivation Letter (up to 2 pages);
- 2) Curriculum Vitae (CV) (up to 2 pages);
- 3) Reference Letter or a Letter of Recommendation.

by email to ESR/STSM/Training Coordinator (ESTC), Prof. Stavros Koulouridis ([koulouridis@upatras.gr](mailto:koulouridis@upatras.gr)), cc: [cost-emf-med@fesb.hr](mailto:cost-emf-med@fesb.hr)

**Interested applicants should clearly demonstrate how the participation to the school will help them advance their research endeavours in a topic related to COST EMF MED activities, as described here: <http://cost-emf-med.eu/about-cost-emf-med/action-info/> and here: <http://cost-emf-med.eu/working-groups/>**

---

**Subject of the email should be:**

**"COST EMF-MED. Grant Application for School on Advanced Topics on Cell Model Systems"**

**in order to allow for handling applications properly.**

Important note: eligibility for COST EMF-MED grants is restricted to the participating countries:  
[http://www.cost.eu/COST\\_Actions/bmbs/BM1309?management](http://www.cost.eu/COST_Actions/bmbs/BM1309?management)

Final results will be communicated by **Monday, May 23<sup>th</sup> 2016.**

**For logistics and organizational reasons, it is mandatory that the interested participants express their interest by filling this Doodle poll immediately:**

<http://doodle.com/poll/nfg67grmczpi3g8m>

**Following the expression of interest in Doodle, the application containing the required documentation must be sent within the deadline. Don't forget to leave your e-mail in Doodle!**
